Our school has not been able to go swimming for a number of years, due to all local pools being full and not able to accommodate us. This has been something that has disappointed both our school staff, the governing body and our parent body.

After receiving the details of a possible opportunity through Sholfins Swim School we were very excited. Not only would we be able to fulfill the elements of the National Curriculum but we would be able to give our children the important life skills of being able to swim.

From the initial communication Sholfins were amazing, friendly, quick to respond and very knowledgeable about their offer. The team could not do enough to help us out and make the experience as easy as possible.

Upon attending the sessions, themselves, this experience continued with the team going above and beyond to make the children and staff at ease and comfortable.

The pool itself is a great asset and the swim sessions are well structured and tailored for the wide range of abilities that our children displayed.

Our children and staff thoroughly enjoy their swimming sessions and many of our children have already shown great improvement in technique and/or confidence.

I couldn't recommend what Sholfins offer high enough, I am very grateful for what they provide our children.

Yours sincerely

Scott Smith
Headteacher
